Profile

As a junior full-stack JavaScript web developer, i specialize in bulding web applications using MERN stack. With strong foundation in JavaScript, MongoDB, Express.js, React and Node.js, I have experience creating landing pages and resolving source code bugs. I am dedicated learner, always staying up-to-date with industry trends. My passion for web development drives me to deliver exceptional results.

Education

2020 – 2024 — University of Science and Technology Houari Boumedien

Lisence degree Mechanical Thermal-Energy

2023 – 2024 — Code213 Tech School

Junior Full-Stack JavaScript Developer
